## *Make Your Signing Come Alive!* In-Depth Weekend SkillShop in Signing Exact English September 17 - 19, 2010 / Miles City, MT

Were you taught SEE by someone who didn't really understand the purpose and features of SEE? Maybe you tried to teach yourself from the "yellow book."

Do you want to sign

- more meaningfully and fluently?
- using all the visual features of sign language ?

Don't miss the next Signing Exact English weekend skillshop! Join the small classes customized to your learning needs. Interpreters, parents, teachers, assistants, and others wishing to improve their vocabulary, fluency, and expressive and receptive abilities are grouped according to skill level from barely beginner to intermediate to advanced. Ideally, the workshop will have 45-50 participants and five instructors per small group.

*\*If enough interpreters register for the course, an Educational Interpreting class will be designed specifically for those using any form of Signed English focusing on the needs of the group from vocabulary expansion, fluency, expressiveness problem solving, interpreting ethics, and "how do you handle this" Q & A included.*

All signing levels welcome. Sessions are geared for adults. Those under 16 may attend with an adult in the same class with instructor permission. CEU's available, RID / Gallaudet.

An extensive skillshop workbook is also included in the registration. The SEE dictionary is required for all participants, and will be available for sale during class as well as other signing resources.
